

## Spreader Bar for Forklifts

Forklift Spreader Bars - ELME has been proudly operating ever since nineteen seventy four, becoming the largest independent spreader producer in the globe. They are a devoted maker of spreaders meant for a lot of various applications like for instance the trailers, handling of containers and swap bodies.

ELME presently employs over a hundred and twenty five personnel with all engineering is done in-house by means of using all the newest CAD systems and FEM tools. Their spreaders are supplied to reach stackers, straddle carriers, lift trucks, gantry, quayside and ship-to-shore cranes across the globe.

The ELME product series offers spreaders for several container and trailer handling operations. A few of their inventory consist of: Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift Trucks, Straddle Carriers in addition to a wide variety of attachments.

Production and manufacturing of ELME products are established in highly automated purpose built factory. In the year 2008, they made 1150 spreaders by using quality components in order to guarantee reliability and top standards. Major characteristics of ELME consist of design simplicity, market response and innovative modular spreader concept.
