

## **Lull Telehandler Part**

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement since the year 1959. Whether the task requires transferring loads, positioning heavy steel or landing loads on scaffoldings, utilizing a Lull telehandler would help make the work go faster and easier. These units are complete along with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull can provide 80 inches of boom travel for precision placement functionality. There are even a lot of optional Lull attachments for their telehandlers to help complete whichever job.
