

## Rockwell Parts

Rockwell Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for quality, service, technology and delivery. They believe in working in an atmosphere that supports the utmost integrity with empowered teamwork, together with a relentless pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively applying principals of ecological stewardship and safety in how they do business. The business has put various programs in place so as to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whatever questions or comments, as they are happy to promote and share this policy with a greater knowledge of their efforts. They are really committed to preserving and improving the environment. AxleTech has an EHS program which not just protects the environment but which even actively protects their neighbors and workers too.

AxleTech specializes in the manufacture and designing of planetary axles utilized for both military and commercial applications, that may include anything from airport ground support to construction equipment. They take great pride in being a ground-breaking drive-train solutions provider as well. AxleTech particularly designs axles to meet particular application demands. They have over 1000 different axle specs within their current offering. With more than 100+ years of skill and history, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in several military and commercial applications. They provide complete axle assemblies used for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have added details that could be found in the "ISAS" product selection.
