

## Advance-Nilfisk Part

Advance-Nilfisk Parts - Imagine how tedious it will be to tidy up your own house after having a big party, with no aid from cleaning equipment. Before, the time upholstery and carpets had the dust beat out of them manually; cleaning cloths, brushes and brooms were the leading cleaning materials of that time.

P.A. Fisker, the man who founded Nilfisk-Advance, was an electrical engineer who really loved working with electrical motors. Starting the company in the year 1906, he started to produce motors so as to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's vision from the start was to own a worldwide company advertising goods worldwide.

The Nilfisk C1 was an incredible breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by a single person. This invention came in a time where other cleaning equipment were massive and required at least 4 operators, thus, the Nilfisk C1 transformed everything and developed the method we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning equipment provide an excellent solution to an existing crisis; stuff get filthy and have to be cleaned on a regular basis, without too much effort.

Slowly, the company Nilfisk-Advance grew through the years. During the early nineteen eighties the company developed fast when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the business, trying to be an active international player in producing professional cleaning equipment. Nilfisk-Advance is currently represented in all parts of the globe by steadily obtaining many smaller companies so as to develop their product range and presence in new markets. They are really proud to present different cleaning solutions to fit each and every requirement.
